

Hangman

Hangman is a classic word game. Here are the instructions:

1.) One player chooses a word or phrase, and writes out an equal number of spaces for the letters in the word. For instance, if the word is "Hangman", this player would write:

— — — — —

2.) The other player guesses letters. If they are part of the word/phrase, Player 1 writes them on the blanks where they fit. If they aren't Player 1 will add a piece of the body (usually 6 in all, although additions can be made) to the scaffold.

3.) If the body is completed before Player 2 guesses the word/phrase, Player 1 wins.
